Multivariable Belt Holster

fig. 1

Multivariable Belt Holster

- Ambidextrous, comfortable use for both right and left handers
- Maximum variability of the use allowing 5 positions of holster carrying with gun on the belt [see Fig. 1]
- Double-shell of the holster covers the closure
- Two-piece quick closure adjustable in length and site using VELCRO strips allow retaining of the gun over the grip.
- Closure is provided by removable dual retention provisions
